

BITS GOA iGEM TEAM

THE PROBLEM

Long transport times and a delay in harvesting causes 60% loss in sucrose content

OUR SOLUTION

Genetically engineered bacteria that secrete the inhibitor — in the form of a concise kit for farmers and mill workers that will increase the sugar recovery rate

WE NEED YOUR SUPPORT

Team registration.....\$5000
Individual Delegation Passes
(5x\$850).....\$4250
Travel (for a delegation of
five).....\$7000

FIRST-EVER BITSIAN TEAM! TOTAL.....\$16250
